Програма мебели
 "ВИКИНГ GL"

The collection is made of first class quality soft wood with the application of accelerated aging effects imitating worm channels and worm spots, which are applied with a special tool. The collection also combines decorative entails with the application of blacksmithing hardware.

The items are surfaced with the speciation on the basis of beeswax according to a special technology with the application of handiwork to achieve an effect of «antique» furniture. The structure of the wood becomes bright and fully emphasizes its natural beauty
