Dear Sirs,

Open Joint Stock Company "Polotsk dairy plant" has been created in 1996. Our company is a reliable business partner. The plant has already been working for more than 15 years on the market of dairy production. Quality of the manufactured products let compete successfully not only on internal, but also on a foreign market. Production of the plant is exported to Russia, Ukraine, Poland, Georgia and other countries of near and far abroad.

Our company is one of the leading Belarusian companies in export of dairy products. About 55% of produced products are intended for export. Our major trade partners are Russian companies and dairy manufacturers.

Special attention is paid on quality: HACCP system and quality management system according to STB ISO 9001-2008 is introduced on the plant. In January 2011 our company certified system of management of foodstuff safety and quality management system according on milk powder production line in accordance with the requirements of European standards (LST EN ISO 22000:2005, LST EN ISO 9001:2008). The certificates of correspondence were issued by the public organization "LST SERT", Vilnius, Lithuania. The production laboratory of the plant is attested on technical competence according to the requirements of STB ISO/ IEC 17025.

In 2014 with the aim of implementation of powder in Muslim countries the plant passed HAS 23000 certification (Halal Assurance System) from the LPPOM MUI organization.

In addition, in 2014, our company passed the 2nd stage of the certification audit of the management system of foodstuff safety in accordance with international requirements under the scheme of FSSS 22000.

Nevertheless we are able and willing to expand our markets. Therefore we would like to offer you our products.
